Dear Mr Cerone

Sydney Metro City & Southwest Chatswood to Sydenham (SSI 15_7400): Approval of the Fraser Park Ancillary Facility Management Plan

I refer to your submission of the Fraser Park Ancillary Facility Management Plan (AFMP) for the Sydenham Station and Junction (SSJ) stage of the project, under Condition A17 of SSI 15_7400. I also note further revisions to this document responding to the Department's detailed comments and requirements.

The Department has reviewed the supporting information and updated AFMP, and considers that the updated plan satisfactorily addresses the requirements of the condition.

On this basis, in accordance with condition A17, I approve the *Ancillary Facility Management Plan – Fraser Park* (Revision 3, dated 30 August 2018).

You are reminded that if there is any inconsistency between the approved plan and the conditions of approval, then the requirements of the conditions of approval will prevail.

If you require clarification on this matter, please contact Swati Sharma, Senior Planner – Ports and Rail, Infrastructure Management by email swati.sharma@planning.nsw.gov.au.

Yours sincerely

 6/9/18
