Dear Hugh

RE: Endorsement of Sydenham Station and Junction (SSJ) Air Quality Management Plan (AQMP) Rev10 – Sydney Metro City & Southwest

Thank you for providing the following document for Environmental Representative (ER) review and endorsement as required by the Conditions of Approval A24 (d) and (j) of the Sydney Metro City & Southwest project (SSI – 15_7400 9 January 2017).

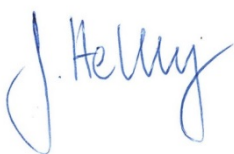

- Sydney Metro City & Southwest Air Quality Management Plan (SMCSWSSJ-JHL-WSS-EM-PLN-000030 Revision 10.0, dated 7th October 2020) (the Plan).

The Plan was developed to address Condition C3 (c) of the project approval. Rev10 amends the Plan by:

- a) Updating references to cited Regulations, Australian Standards, and Guidelines to maintain currency
- b) Specifying how inspections for monitoring plant and vehicle emissions are recorded
- c) Including the quarterly CTR review process in Section 7.2 Compliance and Reporting
- d) Updating referenced Conditions of Approval to incorporate administrative changes (CSSI 7400 MOD6, dated 21 Feb 2019)

As an approved ER for the Sydney Metro City & Southwest project, I have reviewed and provided comment on this document. I approve the amendment of the Plan for implementation.

Yours sincerely

Jo Heltborg
Environmental Representative – Sydney Metro – City and South West
