Dear Hugh

RE: Endorsement of Sydney Metro City & Southwest- Sydenham Station and Junction (SSJ) Rev09 – Construction Heritage Management Plan

Thank you for providing the following documents for Environmental Representative (ER) review and endorsement as required by the Condition of Approval A24 (d) and (j) of the Sydney Metro City & Southwest project (SSI – 15_7400 January 9 2017).

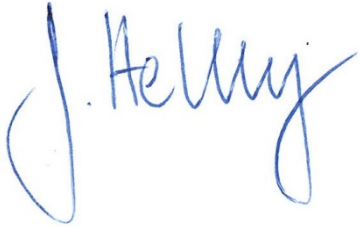

- Sydney Metro City & Southwest- Sydenham Station and Junction (SSJ) Project – Construction Heritage Management Plan (SMCSWSSJ-JHL-WSS-HE-PLN-000034, Revision 9, 29th September 2020) (the Plan).

The Plan was developed to address the Condition C3 (g) of the Project Approval. Rev09 updates the Plan by:

- a) Including reference to the HIP and interpretation methodology, Section 7.9
- b) Amending an identified inconsistency with the LEP heritage listed brick retaining wall on Marrickville Road
- c) Inclusion of mitigation measures including a dilapidation survey and vibration monitoring should final design of a proposed 150kv relocation be within 5m of the LEP heritage listed brick retaining wall on Marrickville Road
- d) Addition of reference to updates to interpretation methodology currently being developed for Sydenham Station
- e) Inclusion of works and impacts associated with the expansion of an existing stormwater inlet structure at Sydenham Pit to allow for inflows from a new weir at 11 Sydenham Rd (the subject of a Consistency Assessment)
- f) Ensuring consistency in the number of listed heritage items for the project
- g) Amending Project acronyms Department of Planning and Environment (DPE) to Department of Planning Industry and Environment (DPIE)
- h) Updating details of the secondary Excavation Director, Section 8.1

As an approved ER for the Sydney Metro City & Southwest project, I have reviewed and provided comments on this document. I approve the amendment of the Plan for implementation.

Yours sincerely

Jo Heltborg
Environmental Representative – Sydney Metro – City and South West
