Dear Mr Cerone,

**Sydney Metro - Sydenham to Bankstown (SSI-8256)
Corridor Works Utilities Management Strategy**

I refer to the Corridor Works Utilities Management Strategy, revision 2, dated 27 September 2021, which was submitted to the Planning Secretary for approval under Condition E71 of SSI-8256.

I note that the Utilities Management Strategy was previously approved on 14 May 2021 and has been updated to include the Bankstown Station Early Works scope. I also note that the Strategy:

- has been reviewed by Sydney Metro and no issues were raised, and
- contains the information required by the conditions of approval.

As nominee of the Planning Secretary, I approve the Corridor Works Utilities Management Strategy, revision 2, dated 27 September 2021.

You are reminded that if there is any inconsistency between the Utilities Management Strategy Revision 2 and the conditions of approval, then the requirements of the conditions of approval will prevail.

Please ensure that the approved plan is placed on the project website at the earliest convenience.

If you wish to discuss the matter further, please contact Scott Cooper at scott.cooper@planning.nsw.gov.au.

Yours sincerely
